ABOUT ME

I am a passionate full-stack web developer experienced in building modern, responsive, and scalable web applications. I work with technologies including **HTML**, **CSS**, **JavaScript**, **React.js**, **Bootstrap**, **Tailwind CSS**, **Laravel**, **PHP**, **MySQL**, and **MongoDB** to develop complete web solutions from frontend interfaces to backend systems.

EXPERIENCE

Junior Web Developer (Intern)

Career Institute, Faisalabad

Jan 2024- August 2025

- Designed and developed responsive web pages and small-scale applications using HTML, CSS, Bootstrap, JavaScript, PHP, and Laravel.
- Assisted in building full-stack solutions with clean, maintainable code practices.
- Partnered with senior developers to implement and refine frontend and backend features.
- Worked with **MySQL** databases for data management and query optimization.
- Integrated and tested **RESTful** APIs to connect frontend interfaces with backend services.

Full Stack Web Developer (Intern)

Optify Studio Software House, Multan
February 2026-Continue

- Engineered web applications with React.js, JavaScript, PHP, and MySQL.
- Developed dynamic features and optimized scalable backend **APIs**.
- Integrated RESTful APIs and external services for added functionality.
- Designed efficient **MongoDB** & **MySQL** databases for data storage and retrieval.
- Collaborated in agile teams, using **GitHub** for version control and deployment.
